We are now able to do things that seemed impossible just a few years ago. You can make money online with an iPhone. I can't even count the number of times I've heard somebody say they're looking for a new job and think it's impossible. It's true, it's pretty much impossible to get a new job these days without a proper online presence. In this video we take a look at how to get a new job using technology. It's not just a new way of looking at the process, it's a new process all together. Don't get me wrong, I still look in the paper and the want ads, but I am amazed at what technology is doing to shake up the job hunt. The new job hunt is the most exciting and challenging part of our lives. We need to update our resumes, post that good looking profile, update our social media platforms, make sure we are keeping track of all our contacts, and most importantly, we need to
