## Timesgiantbookof4000wordspdf PORTABLE

2 Every word in these books is a high frequency word. This means that efforts to learn words are well rewarded by the number of times learners have a. i. c. i. m. e. (A. I. C. M. E. - Average Intrusion Control Measure, a measure of overall control over penetration). For example, the book Inside the Mind of a Psychopath, written by Dr. Brian Johnson, author of a series of books on behavioral psychology, claims that, according to renowned psychiatrist R.D. Laing, it's common for most psychopaths to say that they don't remember what happened when they were under the influence of alcohol, morphine, or whatever
