Cyclodes is a company based in Paris, France. We are creators of fantasy experiences. We create storytelling worlds and vivid adventures that you can experience, follow, and share through our games. We are focused on the development of our own intellectual property. We have 5 main games currently in development and over 40 in progress. Please find below the list of our games: Zephania: The Little Princess, a two-player party game Houjou no Takarajima, a solo or multiplayer turn-based tactical RPG Magide no Kuni no Alice, a solo or multiplayer RPG Urban Fantasy, a co-op tactical RPG Zephania: The Little Princess (STUDIO: Cyclodes/TECHNOLOGY: Unity) Release Date: TBA 2020 Genre: Action-Adventure Fantasy World Price: TBA A quick yet detailed review of Zephania: The Little Princess by Jack Hardingham on February 16, 2020: "On paper, what you see here appears to be just another typical fantasy adventure game, and you'd be right to think that. But that's not where Zephania takes us. Sure, you'll be introduced to a land of dragons, elves, and humans, and you can explore the land in search of the powerful sword Zephania. However, the main draw here is the colorful narration and vibrant imagery that help give a sense of wonder about a world that's otherwise ordinary. It's a small thing, but that's how it should be. The vast majority of video games out there allow for action, combat, and even strategy. They're made to fit snugly within all of those categories, so it's a refreshing change when a game like Zephania shows that there's more to the genre than meets the eye. Even then, however, I don't know how I feel about the game taking a page from the MMORPG genre. I'm a fan of that genre
