I'm not a hipster. 2:49 - Super Mario World. I had like... two good controllers or something. 4:11 - The Legend of Zelda: Link to the Past. My first time with the NES was when I got this game. 6:05 - Secret of Mana on the SNES. My first RPG was the SNES version. I didn't even own an NES. 7:33 - Playing a 6 year-old GameBoy with Super Mario Land to practice back then. 8:45 - I didn't realize they were showing Super Mario World today. Damn.

10:15 - Dark Souls I. I swear this is the only difficult game I've ever put 100 hours into. 11:45 - Tactics Ogre: Let Us Cling Together. And for all of you Final Fantasy fanboys out there, the first Final Fantasy Tactics game. 13:25 - Demon's Souls. The first Soul game I beat. 13:55 - Demon's Souls I had the hardest time with but I beat it. 16:17 - Diablo III and the accompanying videos. Welcome to Rebelbase Zero. Rebelbase Zero is about taking the role of one of the rebels and defeating the evil forces of the Empire! Take command of a variety of troops, from the brains of the Rebel Intelligence service to the brawn of the Rebel Anti-Tank team! Rally your troops, control your army and crush the evil forces of the Empire in this tactical strategy battle! Story: The age of terror is upon us. The Empire has descended and has begun terrorizing all over the galaxy. Even the innocent planets of the Outer Rim have fallen into the clutches of the brutal Empire. Now, more and more planets fall under the Empire's grip all across the galaxy. The Empire moves in force, but the Rebel Alliance marches on. With the Rebelbase, your only hope of halting the Empire's advance is to build and train a massive army. As you recruit new troops, train them to equip, build, and lead your growing Rebel Army, you will use their skills and tactics to win the war! And as the battle against the Empire's forces intensifies, the Rebel Alliance needs to protect the Rebelbase from the Empire's relentless quest for total military control. Defend the base from the Empire's relentless attacks and sabotage until you can take down the Empire's main fleet. Finally, for the ultimate challenge, you'll face three bosses; each with unique characteristics. Gameplay: Replay: Trial and error gameplay. So much to try and see what you can come up with. Graphics: Graphics could be improved, but I am a big fan of Rebelbase. Optimization: Optimized the graphics for 720p, 1280x720. Interactive Tutorials: Yes, there are 30+ interactive tutorials. Tests your brain, not your mouse. Research and development Use the new research button to carry out research that will help you to not only train your troops, but also to keep the Rebels in the fight against the Empire. These new research types will help with researching new units and equipment and upgrade your existing units.

The Conservative Party will launch their manifesto for the 2015 election later this week with a strong focus on the need to crack down on the terrorism threat in the UK. Theresa May, the Home Secretary, is being urged by some senior figures in the party to include proposals to cut or

With the help of the current best exorcist in the country, Adel will go head to head with demons that have been stalking her for years in a bid to save her and release her from the demonic possession. Warning: Spoiler Plot Physical Exorcism: Case 02: Although the demons are gone, they do have a daughter and it's up to Adel to protect her in the war against the demons and the monsters roaming the night. Warning: Spoiler Main Characters Adel is a young, wild, and seemingly helpless girl who was possessed by demons for two years. Despite her torment, she is determined to keep her humanity. She feels a strong connection to someone and knows this person is her soul mate. Adel's soul mate is Dela, and Dela is willing to fight demons, monsters, and evil incarnate, to keep Adel safe and alive. Del is a beautiful but psychotic young girl with a disability. She lost her parents at a young age, and her caring brother died in a tragic accident. Her mother abandoned her to wander the streets with a drug addicted friend, taking Del with her. Del's kindhearted brother, Alfred, stayed behind and tried to care for Del, who felt unable to care for herself. He also happens to be a strict fan of horror movies and one day decided to take Del to a movie where she was trapped in a horror movie. After returning home from the movie, Del found that she was trapped in a movie and had to live the life of a fictional character. When Del was found by a police officer, she was arrested for breaking and entering and she has never been the same since. Though a talented fighter, Del also

What's new in X-COM: Apocalypse:

or (the) is a Japanese steampunk manga series, written and illustrated by mangaka Yoshihiro Togashi (better known for his manga Vampire Hunter D and its remake The Midnight Agent). It was serialized in Takeshobo's shōnen manga magazine Aria between August 2003 and September 2007 before being interrupted by Togashi's Night Raid: Lady vampire manga. Plot Miegakure is a series of episodic "vignettes" in which the main characters, Genya and Michael, fight vampiresses against the backdrop of Tokyo. The story begins when Genya discovers she has the blood of a vampire slayer which has awaking potential as she takes a job as a Maid for a Vampire slayer by the name of Michael. It is later revealed that Michael is a "Stoker", a rare breed of vampire slayer with the ability to control vampires through the use of a special tooth. Genya's parents killed her mother because she was a vampire from the end of the Protestant Restoration, a period of Japanese history which lasted between 1869 and 1876, where most vampires were denied the right to own property and were forced to live outside of towns. However, three years prior to her birth, her father, a Stoker, had killed her mother with the intent of protecting her from the child for the next hundred years. Genya has a strange history with the vampire world that got her and Michael to start on their quest for her powers. During the reign of the second Tsar of Russia, an evil vampire from Russia named Melpomene comes to Japan under a fictitious name and kills all of the vampires. After this, she is sealed within - a door with a guardian that protect the dead from intruders. Michael reveals to Genya that the door was created after Melpomene killed all the Japanese vampires under their reign, but later someone dug up the door and a tournament called the Russian Vampire Tournament was held in which a female vampire from the outlands known as a Blood Lich fights Melpomene. The Blood Lich defeated Melpomene but she is sealed within the door and is later sealed inside of Genya when she is born. Twenty years later, during the reign of Emperor Meiji, vampire hunters begin attacking vampires again, and so do vampire slayers as each side wants to claim dominance. When encountering a vampire, a Stoker will bite the neck of the
