angry birds friends (for android, free) isn't a new episode in the avian-destruction-saga, since it debuted on facebook last year. instead, this edition is the mobile version of the same game. the main difference between this and other angry birds games is weekly tournaments in which you pit your scores against those of your friends. unfortunately, angry birds friends' pay-to-win structure dulls the overall experience. while the mighty eagle and other characters are already available to play in the game, angry birds friends will get a whole host of new birds to add to the world of fun.

and, in addition to the new birds, new environments will be added to the game as well. the developers have added the ability to build structures in various levels. though the mechanics of the game won't be significantly different from the original angry birds, the addition of structures should make things a little more complicated. that's a good thing, because we all need a little challenge in our lives. there's a lot of information about angry birds friends, but let's keep it simple and tell you

how to get it for free. angry birds friends for windows is available for download(opens in a new window). just like the other windows phone games, you can get it through the windows phone store.

after you have it installed, you'll need to sign in with your facebook and microsoft accounts, and you're good to go. have fun. angry birds friends is free to play, but you can buy upgrades, which cost real money. if you buy an upgrade, you'll get a new bird and a new level for free. you'll also be able to unlock new additional features such as the new mighty eagle. if you want to pay for the upgrades, they will cost you between \$0.99 and \$4.99, though you'll be able to earn additional birds for free. the developer is likely to release more birds and levels in the future, so it's a great way to keep your gaming skills sharp.
