FontLab Fontographer 5 is a font creation and editing program that supports all popular font formats. FontLab Fontographer 5 is the world's professional font creator and designer tool. In conjunction with FontLab Studio 3 users can create and edit fonts in real-time. FontLab Fontographer 5 supports more In conjunction with FontLab Studio 3 users can create and edit fonts in real-time. FontLab Fontographer 5 supports more precise control over font and character properties (font size, ink depth, pixel layout, etc.). FontLab Fontographer 5 also enables users to create and edit single character, double-spaced, and multiple-spaced fonts, including alphabets and bookmarks. FontLab Fontographer 5 supports online fonts and includes a custom font editor with many powerful fonts tools. FontLab Fontographer 5

includes easy-to-use interactive font creation features like a font generator, font finder, font creation tool, and font creation calculator. FontLab Fontographer 5 also includes font and color management tools, font ranges, and font fonts managers that allow users to control the fonts in a personal or organizational setting. FontLab Fontographer 5 also includes font mapping tools, allowing users to add or change font layers to their application. The new font generation engine can create almost any font that has an emblem, and the new font creation tools can convert existing types to fonts that have emblems. The new features such as font ranges, fonts management, and font generation are all included in FontLab Fontographer 5. It also features a font manager. This tool allows you to manage your fonts. It will display the families of each font as well as the names of these families.
