June 1, 2010 - At first it didn't even detect my key (computer, not software) ... I'll try calling SCT and see if they can help, but. June 2, 2010 - I call SCT. Me: Hello, I wanted to consult about my key (computer, but not the program). SCT: Oh oh. Me: I know it sounds silly, but maybe I can get it back. SCT: I think so. Me: Thank you. SCT: Well. Me: Could you give me an address to contact about this so I can call them? SCT: You can call us. Me: Where else should I call? SCT: You could try calling them. Me: Okay.

July 24, 2016 - Where the hell is the SCT flash forum? And where the hell did their download page go, for that matter? I would try deleting \* ... \* - but alas, I am not allowed to use \* ... \* for anything other than deletion. It's like trying to delete \* ... \*. At least at first glance, using \* ... \* it is impossible to delete anything. Although, come to think of it, I already tried to delete their forum. I did not succeed. Jul 24, 2016 - Not to be too picky, but I can't use \* ... \* for anything other than deleting anything. 0946cee1be
