Q: how to set right margin in .css file in phonegap 2.9.0? I am new to phonegap, and my application's code is written in .html and .js. I have tried to convert it to .cordova and .css by referring to phonegap documentation for some reference: But I could not find any reference to set right margin. I had gone through for this, and I know it is not a real problem because it is solved in android. My question is how to set right margin in .cordova and .css file? Any help will be appreciated.

A: This will help you. I am adding a part of code with the left margin and right margin, and, use to set the value, based on the viewport size. // CSS

```
.myClass{ margin: 20px 5px 15px 0; } // App.js function onResize(event) { var scale = Math.max(window.innerWidth / 320, window.innerHeight / 480); document.body.style.width = window.innerWidth + 'px'; document.body.style.height = window.innerHeight + 'px'; window.addEventListener("resize", onResize, false); } window.onload = function() { document.addEventListener("deviceready", onDeviceReady, false); } function onDeviceReady() {
```
