----- Use your keyboard's numeric pad to make different sounds. Every sound in this game is controllable with your keyboard's numeric keypad. The options menu allows you to control the volume of the sound, create a noise that you control, add noises to multiple sounds, change the sounds' duration, create your own sounds, and turn the sounds off. You can choose between two game modes: Single Sound and Multi Sound. There are a total of 41 different sounds. They can be played in order or randomly. The game also features multiple tools for customizing your own sounds.

1. Pick a Noise: ----- Choose from 41 different sounds.
2. Play a Noise: ----- Press the corresponding key on your keyboard.
3. Create a Noise: ----- Press the corresponding key on your keyboard and start creating a custom sound. There are two possibilities for playing a sound: "On" or "Off." If you want to play the sound, simply press the corresponding key on your keyboard. If you want to stop the sound, press a key on your keyboard and press the corresponding key on your keyboard again.
4. Sound Control: ----- In the options menu you can control the volume of the sound, select a particular sound, and even create your own sounds.
5. Sound Select: ----- Allows you to choose the order that the 41 sounds are played.
6. Sound Add: ----- Allows you to select different sounds that you want to add to a specific sound.
7. Customize Your Own Sound: ----- There are three ways to do this. - "File" allows you to load a sound from your computer. - "MP3" allows you to play an.mp3 file. - "Note" allows you to record a sound.
8. Random: ----- If the "Sound Select" box is selected, it will randomly play the sound(s) selected. If the "Random" box is selected, it will randomly play a noise from the 41 available sounds. If the "Sound Select" box is selected, it will randomly play the sounds selected.
9. Create Your Own Sound: ----- If you select the "Note" tool, a sound editor will open. You can select different sounds to create a sound that can be played when you press a key on your keyboard. You can create up to 10 sounds,
